

DOCKET NO.: IVRC-0012

PATENT

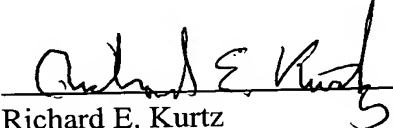

Application No.: 10/551,660

Preliminary Amendment - First Action Not Yet Received

REMARKS

This amendment is submitted prior to examination to conform the application and claims to United States practice. The specification has been replaced in its entirety in order to enter proper paragraph numbers and to correct minor matters. The dependency of the claims has been changed to reduce multiple dependency. New claims have been added. See paragraph 12 and Figs. 7 and 8 for support. Early examination and allowance is respectfully requested.
